NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at *www.archives.gov*.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from $8 to $10 a month for adult male field hands, well below the state's average wage of $15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received $25 per month and laborers in the farm belt areas earned $12 per month. In some Kentucky counties, freedmen

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.[1]

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.[2] Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6–18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.[3]

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.[4] This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861–1869.*

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.[5]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

M742, *Selected Series of Records Issued by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands,* 1865–1872

M752, *Registers and Letters Received by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872*

M999, *Records of the Assistant Commissioner for the State of Tennessee, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*

M1000, *Records of the Superintendent of Education for the State of Tennessee, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1871*

M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861–1869*

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821–1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

APPENDIX

This list provides the names and dates of service of chief medical officers and known Freedmen's Bureau personnel at selected subordinate field offices in Kentucky. Additional information regarding persons assigned to various field offices might be found among the Bureau's Washington headquarters station books and rosters of military officers and civilians on duty in the states and other appointment-related records.

She then caught me by the throat & pushed me, I clasped her in the face twice. She then caught me by the throat & pushed me back & put her tongue out at me, & if my daughter had not come to my assistance then I suppose I should have been killed. This Miss Hanna was a very old lady.

Miss Dingler sworn, testified that she saw Dilva hair her mother by the throat & her back & hand were on the table so much as would have scratched it and her. She did not see the mother strike Dilva but that Dilva was very abusive & insulting in her language.

(colrd) that he hired of Vina. a room for himself and family lived there three months. there was no agreement as to what he was to pay but thought that $6.00 per month would be charged him, as that was the uniform price, says he bought a small tract of land. and built a house there on and wanted to remove his family to his new house, that his money had been exhausted, and could not at present pay the three months rent. which Vina charges at $8.00 per month and therefore refuses to let him have his household Articles. says he has money due him at Russelville, and when he collects it will pay Vina. Vina Owens. does not dispute the statement of Harding. Suptdt. decides that a housekeeper has a right to his goods at least certain portions a Specific Articles enough to keep house with And the landlord cannot retain them if he goes to another place to continue housekeeping. One who is not a housekeeper with a family has no exemptions, but, a housekeeper with a family has, and no landlord can retain such goods as are named by law, therefore orders Vina. to deliver up Hardings goods. who will pay her $8 for three months rent as soon as he collects money due him	
Belsy Cochran vs Maria Potter 68	Belsy Cochran. (colrd) complains that Maria Potter (colrd) owes her $5.00. and refuses to pay it. that she attended Maria Sister while sick for the above amt. which was to be paid her Maria. under oath testified that she was a slave at the time. and had promised Belsy. if she took care of her sister while sick, and if the sister should not recover she Maria, would pay her $5.00. but if the Sister recovered she would (the Sister) herself. Upon investigation it appears Belsy. is 60 years old and feeble not able to work that Maria, out of sympathy boarded her 3 months free of charge, that Maria Sister, kept her also for 3 weeks. Suptdt dismisses the case and thinks that Belsy. was more than paid for her services, as Nurse, to the sick Sister
Matilda Deaire vs Spencer Gaultney 69	Matilda Deaire (colrd) under testifies that she had lived with Mr. Gaultney in the capacity as a servant. for two mon

had left his services, and returned on the 3d of Apl. for her clothes, while standing outside on the porch, she heard Mrs Pruby and Mr. Spencer talking about some missing soap, that he accused her stealing it saying that Black Bitch took, she denied taking it, and went in to the room opened the press when the soap was kept and found it, while stooping to do so Mr. Spencer took up a poker and struck her, that she grab him, pushed him away and ran and took up a stick to defend herself. says Mrs Pruby saw it Mrs Pruby Gaulney, under oath testifies that on Wednesday Apl 3. Matilda came to the house, she was outside, did not see her till she came in. Says her Father in-law Mr. S. Gaulney was in the room was holding her babe she was looking for some soap to give out to wash her cloths it could not be found, three cakes having been bought four days before, Mrs S. Gaulney made. I suppose its gone like the rest of the things that was missing (there had been several articles of clothing missed) Harriett said that Matilda would take occasionally things not belonging to her, at this time Matilda, step in the room and said to the Old Man (meaning Mr. Gaulney

You are a liar, Harriett did not say such thing I'll ask her" the Old man, said to her look here, who you talking to. I dont allow anybody talk to me that. Way white or black, if you say that again I'll slap you, he then handed me my babe Matilda then said I dare you to do it repeating the same twice, the Old man where he was seated, stood a small poker the thickness about my little finger, and went up to her, Matilda, grasped him by the throat and pushed him back against the table upsetting a lamp which stood thereon, when I saw that I ran with my babe in my arms to Mrs Wheeler's room. I did see him strike her, she ran out in the yard, and took up a large cudgel and was going to strike him with, I interposed and stopped her from doing it. then I saw her head bleeding, the Old Man to defend himself took up another cudgel neither struck at each other,

Mr. Spencer Gaulney corroborates the statement of Mrs Pruby Gaulney, says he was 70 years old, did not call Matilda, any abusive names, but when his daughter in law could not find the soap he remarked I suppose its gone

like the rest of the things that was missing then had been some things missing and I said Hamita told me that Matilda would occasionally take things dont belong to her, at this time the girl was outside. She came in and called me a liar, I took up the poker, and said if she called me a liar again I would strike her, as I was not in the habit of being spoken to that way by any one. She in a defiant manner said I dare you, and then made for me, grasped by the throat, pushed me back, nearly bending me over a table, it would have kill. I then struck her on the head with the poker, and pushed her away she ran to the yard, and took up a piece of wood as big as my arm and threatened to knock my brains out. I took up another, to defend myself. she did not use it, neither did I. shortly I left, and went to my home not very distant,

The Court, decided that Mr. Spencer Gaunt ney was justifiable in defending himself from the brutal assault by Matilda, as shown by the finger nail (prints) on his throat, and cheeks, and his advance age, and feebleness, And reprimands Matilda for her brutal conduct as is clearly shown by the only Witness whom she introduced (Mr. Reuben Gaulding) that she was the aggressor, the Court would fine her but think she has been well punished, and received a lesson for the future, not to insult, or assault any person White or Black, and dismiss the case.

Ceaser Van Meter
vs
Malinda Turner
To
Adj'd June 3, 67

Ceaser Van Meter. Colrd. complains that Malinda Turner. Colrd. hired him to put up or repair a chimney. for which she was to furnish Materials. and pay him $6- days it would have taken him two days and he has been in the habit of receiving $3- per day. for his work Malinda. Appeared and stated. that she promised to pay him when the work was done. says he did work two days. but she had not the means to pay as purchase bricks which was wanted to finish the chimney.

Decided. that Van Meter. had been waiting (as it appeared) for several months for his pay. he was not to be blamed for Malinda delay in furnishing the Materials to complete the chimney. and Orders that he be paid $5- for his two days work. which was paid

Malinda Turner
vs
Lorenzo Van Meter } 71 Adjudicated June 3. 1867

Malinda Turner (Colrd) states she rented a cabin to Lorenzo Van Meter (Colrd) at $6. per month and he has refused to pay but $5. and has delayed even in paying that even says he has been possession 5 months, has paid $17. she demands $30.

Joseph Crenshaw (Colrd) on oath states he was present when Lorenzo made the bargain with Matilda. Jack Hackney was with him. He asked the price of the cabin, she said $7. a month he said that was too much the chimney aint finished I can pay more than $6. provided you fix the chimney which she agreed to take and have the chimney fix.

Lorenzo ~~Hacker~~ Van Meter stated that he did not want the house himself but wanted it for his friend Hackney, and agreed to see that his friend paid, or he would be responsible for the rent. the rent to be paid Monthly was to be $6.- if she fix the chimney, and as his friend has lived 5 months lacking seven days, and the chimney not yet fix which makes it very disagreeable by smoking, he does not think he is bound to pay $6- and it ought to be less.

Decision. that inasmuch as Malinda did not fix the chimney as she promised to do, rendering it dangerous of the house being set on fire, by the sparks from an unperfect Chimney. Order that $5. was sufficient for Van Meter to pay. being for 5 Mos. $25- $17- has been paid- leaves a balance of $8. which is paid -

General.

In compliance with Circular No. 9. Bureau Refugees,

Freedmen, and Abandoned Lands, Assistant Commissioners Office, State of Kentucky, dated Louisville, Ky. Sept 28. 1866.

I have the honor to Report that, since my assignment to duty as Superintendent of Warren, Allen, Edmonson, and Simpson Counties, no murders (to my knowledge) have been committed on White Unionists and Freedmen. A shooting affray occurred on the night of the 26th ult'o, at Franklin, Simpson Co. as follows; John Hendricks and Wm. E. Clark went to the house of Wm. H. Crowdus and called out John Lovelady (Colored) When he, Lovelady, opened the door he was shot by John Hendricks, wounding both arms, one so badly that he had to submit to amputation, and the other a flesh wound. Lovelady it is said, bore the name of being a quiet industrious Citizen and respectful in his deportment in life. John Hendricks and his accomplice, Wm. E. Clark were arrested by the Civil Authorities and after a farce trial were acquitted. No Colored person being allowed to testify. The following named persons are the witnesses of the case: Willis Lovelady, Emily Nall, Theodoric Nall, Ned Crowdus, William Short, and John Robinson. The greater portion of outrages committed on Blacks by Whites in the aforesaid Counties, are violations of Contracts, verbal and written, (not made in the Bureau.)

I have the honor to report, result of investigation of the charge of Wm Winstead (Colored) against Matt Smith, John G. Smith and Daniel Smith, at Greensburg, Green Co, Ky, as follows:

Mr Matt Smith stated that sometime in April Winstead accompanied by his wife, came along by his fence, and had stopped near his gate, and was coming in. he was seated on his porch and saw him, he ordered him back, telling him never to come to his house Winstead hesitated. Smith got up and was approaching towards him, when Winstead turned back and left. Smith further states that he did not know what his object was in coming there, he hated him and so did all around the neighborhood, he was a very bad man, a liar, a drunkard, and a thief, he was whipped for horse-stealing during the war prior to his enlisting.

Mrs Smith testified that they were seated outside on the porch, saw Winstead and wife outside near the gate, he had stopped, and whether he intended to come in or not, she was unable to state, but her husband ordered him off and told him not to

come in his yard, her husband went towards the gate, and the negro left, and they have never seen him since, her husband returned, immediately from the gate to the house, her son John was present, neither paid or did anything to Winstead, her son John who is married does not live with the Father, came there that day to see them. She further stated, Winstead was a bad man, and no one around there would have him about, and referred me to the neighbors for further proofs of his general character.

Winchy Smith (Colored) testified that she was in the Kitchen and heard Mrs Smith tell somebody to go back, dont come in here, she went to the door and saw Winstead and his wife. She said Winstead and his wife must have been coming to see us, for they had nothing there, his wife & their children had left Mr Smith after Christmas, sometime in January and had gone to to live at Mr Bob. Durham. She left Durhams seven weeks ago, She wanted to return to Mr Smith but he would not take her back. So she has left with her Children (two of which she had by Winstead, and the other three by her former husband,) and they do not know where she has gone. She further states

she knew Winstead to have been a bad man. his wife was a good person. also that the day he came there Mr Smith nor his son John did anything to him. Daniel was not then at the time. Holman K. was at church.

Mr Josiah Mitchell testified that Winstead was a bad fellow, had known him over thirty years, had been detected stealing, was whipped once during the War for stealing a horse, and he gets drunk very often.

Mr R. A. Vance testified that he knew Winstead, he had worked for him for three months, and had turned him away as he often got drunk, and while in that state would be very insulting.

Nearly all the neighbors for thirteen miles around speak ill of the negro.

Mr Smith and family resides Eight miles from town, the following gentlemen (whom I conversed with and of whom I have been informed are very good loyal men) Maj. Allen, Maj Moore, (late Provost Marshall) Dr Dudley, and Josiah Mitchell, speaks well of the Smiths in town and aground the country where he resides. John C. Smith is at Louisville Ky. and Daniel L. Smith was absent from town. The wife of Winstead and children are neither at Smith's or at Dunham. her whereabouts is unknown.

In compliance with your Endorsement, dated Nov 29, 1866. I have the honor to state that I proceeded to Simpson Co. Ky, and consulted with Bvt. Lieut. Col. Lieb. commanding Mil Force at Franklin, Ky, with a view of arresting the parties mentioned in the enclosed memorandum

he informed me that he had arrested Jeff Price, who is now confined in jail at Louisville, Ky, that he sent a detachment to arrest Martin, they mistook the house, and he (Martin) having been informed to that effect, left his residence & is at large. Simpson is a Texan, his residence is not known, but has been frequently seen at Black Jack, in Robertson Co. Tenn. The former two are Tennesseans. The murder was committed in Tennessee, out of my District. Col. Lieb has been ordered to Gallatin Tenn and intends arresting the parties, if they can be found. From the voluminous Affidavits in his possession and which I have read, they implicate Price, Martin, Simpson, and others in the most outrageous crimes on record. They were handed to him for arrest of the parties by Capt Walsh, V. R. C. Supt. &c Nashville. Tenn, who was ordered to investigate the numerous murders, which had been committed in several Cos in Tenn. I am happy to say such a reign of terror does not exist in my District. I herewith transmit Affidavits such as I could procure in the case. The other witnesses mentioned in the memorandum state that they know nothing of the facts and what the know is only from hearsay.

Colonel,

In compliance with Circular No 8, dated B. R. F. and A. Lands, Asst. Com. Office, State of Ky, Louisville, Ky, Sept 26th 1866,

I have the honor to report that I have caused an inspection in my District and have ascertained the following in relation to the establishment of schools "viz"

Schools may be located at Bowling Green, Warren Co. Franklin. Simpson Co, Scottsville, Allen Co, and Brownsville, Edmonson Co. Ky,

The probable number of pupils at Bowling Green Ky, for day school is estimated at 40. There are no Government buildings or lands. those that formerly were are now private property, none can be rented now. There are two buildings now being occupied as schools, rent per annum $120. size about 40 × 30, very little repairs needed, There is no facilities for heating. Desks, Seats Black boards, &c are made under, a few of the freedmen, will pledge themselves in helping to sustain the schools. Cannot able to state how much they will give, there are churches but will not be allowed for school purposes, There is no difficulty in obtaining (in this location) Building or Lands for the object in

contemplation, the price per Acre vary from $15 to $50 according as to where they are located. Mr Thos. Calvert gives an eight of an Acre, gratuitous, provided the freedmen erect a school thereon, about 40 of them have formed a Club with the intention of purchasing a building which will cost $50, remove it to the land which will be given them, furnish every thing necessary, send abroad for a teacher, and pay his Salary, &c, but for the exclusive use of the children of the members of the Club, only if the Bureau furnish every thing nice necessary for the school and provide for its teacher, they will purchase the building and pay for its repairs, &c, and hold it as a free school. There are several of the Freedmen tolerably well off, particularly of the Club

In Simpsonville the probable number of pupils is estimated at about 35. there is but one locality that would be politic, at present (Franklin), there is no room that can be procured public or private for a school room The Freedmen have purchased and paid for a lot on the South West of Franklin, within a few feet of the corporate limits of the town, fronting thirty feet on Springfield St. 165 ft deep for the purpose of erecting a church, they ask that a building for school purpose be erected on the back part of said lot a good frame house will cost about from Seven to Eight hundred Dollars. 40 by 30, fourteen feet ceiling one Story which I think will be large enough for school purposes, they ask that when built they be allowed to hold divine service therein on Saturdays and Sundays until such time as they can erect their Church they appear to take deep interest in the effort, for a school, at a meeting recently held they raised some fifty dollars to support and pay a teacher, they pledge themselves to pay $200.

In Allen Co, the probable number of pupils is estimated from 35 to 40. The freedmen in this County have a deep desire for a school and buildings can be procured, they have tried ten, but when found out for what purpose it was intended for, they were refused, that buildings and lands can be bought there is no doubt, provided it is not known the use contemplated.

In Simpsonville, Edmonson Co. the probable number of pupils is estimated at about 15. The Freedmen are but few in this County and could not aid in the maintenance of a school. Buildings or lands can be had but with pay.

There are but a very few Freedmen in my District, who will aid in the establishment of schools, they are some very well off (tolerably) they are those who have formed themselves into a Colut at Bowling Green, Ky. Generally speaking the public sentiment in Allen Co, is bitterly opposed to any thing relating to schools for Freedmen, as in the three other Counties, that such prejudice which heretofore existed against the Freedmen is not as intense as it was some time

ago, there is a susceptible feeling in the
public sentiment generally but it has not
improved so much as to admit the return
to use & comfort, and save from that dread that
has existed in time of war, there
are some who do not like to see
all and every aid that would be for the
Comfort of the Freedmen.
Teachers from abroad would be required, as
I don't see any thing to claim in the State.
I would earnestly recommend James
Wallace (Colored) as an Assistant Teacher,
he has labored for several years in the
South to educate his race. has several
Certificates from and of Education in
Ohio, showing him to have passed a
satisfactory examination and found qualified to instruct the grades of Orthography
Reading, Writing, Arithmetic, Geography
English Grammar.
There are several Union Gentlemen (loyal
whom if called upon would not hesitate
to interest themselves in regard to the
above case,

In pursuance to Special Order No 1 Par I. dated Bureau R. F. & A. Lands, Hd Qrs, Southern Sub-District, Bowling Green, Ky. Jan 9 67.

I have the honor to report the result of investigation at Glasgow, Barren Co. Ky as follows. Supt Samuel Martin admits his having issued to A. [illegible] and other claimants for certain blanks viz" Affy of Claimants &c. &c. Joint Affidavit for proof of loyalty of Claimants witnesses" &c. &c. The reason he assigned for doing is that prior to his appointment as Supt of Bureau R. F. & A. L. he issued claims of citizens and soldiers and was thus accustomed to issue blanks &c. and that supposed and presumed at the time that he had authority to issue various blanks, such as mentioned, which if they desired instead of writing them out, he would furnish at the price of one dollar leaving it optional with them as to whether they would procure said blanks of him or some one else.

He states he did not demand of claimants or their witnesses that they should have to appear before him or at his office to prove the information, nor that the additional evidence could only be taken at his office, but instructed that the proof of their loyalty should be examined and taken at his office, as the Special Order was required to be, he must necessarily return them with no endorsement, though he further states he has never charged any claimant or his witnesses for any instructions which he has rendered to them.

Since receiving his authority, being a civilian and a notary, he charges a certain price to any one who desires his blanks and a fee only when he affixes his official seal and signature.

Respt. [illegible]

to the past and present loyalty of various persons commenced with them. calling for proofs of their loyalty, at the same time instructing them how to proceed about it, what evidence to give, and that such evidence must be in the form of an affidavit of some well known loyal person taken, sworn or affirmed to, informing them at the same time that he had on hand various blanks, such as mentioned, which if they desired instead of writing them out, he would furnish at the price of one dollar leaving it optional with them as to whether they would procure said blanks of him or some one else.

He states he did not demand of claimants or their witnesses that they should have to appear before him or at his office to prove the information, nor that the additional evidence could only be taken at his office, but instructed that the proof of their loyalty should be examined and taken at his office, as the Special Order was required to be, he must necessarily return them with no endorsement, though he further states he has never charged any claimant or his witnesses for any instructions which he has rendered to them.

Col. C. H. Johnson Sub-Asst. Com. has been authorized by the Asst. Com. to expend the sum of $300 for a school House at Franklin Simpson Co. Ky. But the building will not be commenced until after the $200 pledged by them has been secured. Report with as little delay as possible.

I have the honor to report that I have caused an investigation relative to the School in existence at Drake Creek. The results is as follows:
The School is located at that place, about two and a half miles from Scottsville Station. Taught by Miss C. J. Simpson, a native of Ohio, who in my opinion is qualified to teach the Freedmen. Said School was under the supervision of three respectable Freedmen, who owns some Sixty and Seventy Acres of Land, each, and some Houses. They acted as Trustees and were

to collect from parents to payment for tuition of their children. The Amount whatever it would be was to pay the teachers at the rate of $25 Per Month, and the remainder if any, to purchase Books. They gave the Building for school purposes and lodging to teacher "only," but it appears that the Freedmen cannot pay tuition and are in Arrears. The three Trustees having large families of their own cannot take the burden upon themselves to pay the Teacher. Mr Simpson has taught three months, his Salary Amounting to $75, whereas he has received but $10. and is a man of family. They are perfectly contented with him, and desire the school to continue, but says it cannot unless they receive aid from the U. S. Goverment, therefore they ask that the Bureau pay the Teachers Salary and furnish the Books.

At a meeting held by them on the 3rd. inst they passed the following resolution, "viz" "Resolved, that we the Trustees of Drakes Creek, Warren Co. Ky, do hereby pledge ourselves to furnish a School House, Lodgings, Board, and fuel for the teacher, also, obligate ourselves to furnish Tables, Desks, and Black Board for the benefit of the poor and orphans of the District or County."

The foregoing was pledged by Henry Dobbins. Wiley Ely. Jerry Puig. Benjamin Kelly, George W. Hackney, Barnett H. Carthick.

The number of scholars in attendance as per last report was 22, it is estimated that about 28 more will attend. They have at present the following Books. "viz" Sixteen (16) Goodrich Readers. First. Sixteen (16) ditto Second Readers. Three (3) ditto Third Readers Sixteen (16) Spelling Books. Fifteen (15) Copy Books. Two (2) Rays arithmetic. Third Book, One (1) Primary Grammar, and Five States

I would respectfully suggest that a sufficient number of Books of the above named, as well as Primary Geography or Atlas Books, an allocution, or American Speaker, and History of the United States and Plates be furnished the school for the aggregate number of 50 scholars.

Herewith annexed is a list of the probable number of children who will attend the school. The Teachers lodging is about 3/4 of mile from the School House.

I have the honor to state that I have carefully examined the Bill of Donaldson & Co. as acted upon by the two appraisers Virgil and Euclid Loving. The Amt due him is $185 50/100, he credits you with $125 65/100.

He does not think it just that he should be charged rent for back store, & says it was used as a passage way, and was a regular thoroughfare, acknowledges having occasionally stored some things therein when his shop was too much crowded, and if you conscientiously charge for the back store rent he will have the same added to Bill.

As to another pair of pantaloons you took he had got from you, he is not willing to pay. I acquiesce with him as the cloth in question was obtained to patch a window of the store he then rented from you at the time you being the Landlord, he, the Tenant, and it is customary by law for the Landlord to repair the houses of their tenants, particularly, Doors, Windows, Shutters, Blinds, Pantaloons &c (and other necessaries) to protect them from inclement weather.

The Bill stands thus
Debit $185.50
Credit 125.65

Add if you will back store rent and deduct from "Debit". Balance due him please pay at this Office at your earliest convenience.

In obedience to instructions from Hd. Qrs. Gen. Sub. Dist. dated May 20th 1867,
I have the honor to report that I investigated the case of Oscar Duncan Col. 10th U.S. Cal. (Col'd). Having had a personal interview with him at the Jail. He states he was employed by Mr Jacob Duvall to haul corn, that one morning on or about the 25th of December 1866, he and Frank Ewing started the field, located about 3 miles from Bowling Green Ky. and as they were going Frank suggested he had better get a Pistol to shoot some Rabbits, which he did by borrowing one from Alick Hawkins (Col'd). They found no Rabbits, but he espied an Owl on a haystack about 50 yds from Mr James Ewing house & fired at it. Mr James Ewing had previous by seen him on the road not far from his house, but could not say whether he saw him fire. Says he had the Pistol in a Holster and on the belt he generally wore around his waist, and when he returned from the field he delivered up the Pistol to Alick Hawkins, its owner. Says he never carried concealed weapons before or after. Owned a Pistol, but kept it in his house on the shelve or mantel-piece. He, on the 10th of March 1867 enlisted in the 10th U.S

Col. (Col'd) and was sworn by me into the U. S. Service. (Bvt. Lieut. Col. Carpenter then Recruiting Officer having made arrangements with me to swear in Recruits after having satisfactorily passed the examination of the Surgeon) Was sent to Louisville, and received his Uniform remained there about 4 weeks, when he was ordered back to Bowling Green. Ky as one of the Recruiting Squad. He arrived here on the 6th of April 1867, and reported to Sergeant Kelly for duty. On the next day he was arrested by a Civil Officer, and when brought before the Court he was told he had been indicted by the Grand Jury for carrying concealed weapons. & in default of $100 Bail he was committed to Jail, and placed in a damp, and dark Cell, with a double iron barred door, as if he was a murderer, and in consequence of this dark and cold cell he fears paralysis of his limbs. He states he must have been informed of Mr James Ewing. The Grand Jury being in Session, sent for Frank Ewing (Col'd) who must have testified that he carried a Pistol that day.

I have the honor, also, to state that I was informed of the facts the day of his arrest, and I informed the Sergeant to immediately communicate to his Commanding Officer at Louisville, Ky the whole circumstance of the case, as I did not deem it came under my jurisdiction to interfere with the Civil Authorities in that case, but I am of the opinion that it is an outrage his arrest and confinement. Rumored threats had been circulated that the Recruiting

Squad would break Jail and release the prisoner. I was informed to that effect by James A. Hawkins Presiding Judge of Warren Co. Ky. in which he stated that the prisoner was held in custody, having been arrested under a Bench Warrant, from the Warren Circuit Court Clerk, acting in obedience to the Civil Authorities, and requested me to prevent a threatened release of said prisoner. I communicated the same to the Sergeant of the Recruiting Squad, and and happy to say that neither he nor any members of the Squad entertained any such threats.

In compliance with instructions dated B. R. F. & A. Lands. Hd. Qrs. Asst Sub-Dist. Bowling Green Ky. June 11. 1867.

I have the honor to report that on the 27th of March 1867 Martha Pearson Colrd. filed a charge in this office Against Mr. Jesse Merritt of Warren Co. Ky. for having had her children viz: Nathan Merritt Aged 13 years Louisa Bell Merritt 11 Yrs. Julia Ann Merritt 9. Yrs and Charles Henry Merritt 7 Yrs. bound to him without her consent. A summons was immediately issued on Jesse Merritt who appeared and stated that he had formerly owned Martha and children, and that in the Christmas of 1865. she left with him Nathan & Louisa Bell to take care of them and to feed and clothe them, that she would call for them some time, but did not state when, she remained away a year during that time she never came to see her children, the two youngest was with their Grandmother living contiguous to his farm, Neither Martha's Mother, or Father, or Mr. Merritt could find out her whereabouts, and it appeared And that very recently, that she was but 12 Miles from Merritt's residence, working for Mr. Stevens, for Six (6) dollars per Month. Merritt seeing she cared but little for her children, and being a humane man took charge of the two Youngest who had been with their Grand-Mother, and who were miserably clad and covered with the "Itch." and cared for them, and had the four bound to him. He stated he was not conversant with the law and was sorry if he had violated it; And only did what a humane person would have done, She could have had her children, and can have them but he was confident they would fare badly with her, she having no home, and being of a very violent temper. Frances Granger (Colrd) who worked for Mr. Merritt for years was produced as a witness by Martha, and on oath she states

that Mr. Merritt was a very good man to his former slaves and since, and that the children were fed well and clothed. that she never saw him, or his family strike or illtreat them.

Ephram Merritt (Colo) former slave of Mr Merritt and late Pvt U.S.C. Troops. was produced as a witness by Martha. and Corroborated the same statement made by Isaacs Granger (Colo) says he was thirty one years old and was never struck or ill-treated by Mr. Merritt says Mr. Merritt was with him at the Recruiting Office when he enlisted

Mr. Jos. Cook a neighbour of Mr. Merritt stated he had been Acquainted with him for the last 8 Years and had always found him to be a gentleman of the strictest honor, and a kind and indulgent master to his slaves and those whom he had hired and had always treated and clothed them well, and many others in his neighbourhood speaks in like manner. The boy Nathan being older was allowed to go whenever he desired, at a circus performance recently given in this Town. Mr Merritt gave him permission to come to it and gave him a horse to ride, in company with his son. then the Mother chanced to see him and persuaded the boy to leave his Master. He told her he would have to ride the horse back and would take him the next morning which he did, the boy was brought up before me and privately interrogated as to the treatment he and his brother and Sisters were receiving. he was very intelligent for his age and race, and said Mass Jesse treated them well gave them plenty to eat and drink and clothing but thought he ought to begin to get some money for his work. said he never beat him, only once the wife did. and that was a kick or push which I afterwards discovered was for telling a falsehood in going to a neighbouring creek to fish when he denied going. said his Mother induced him to leave as he was old enough to be earning some money, and he had that day hired himself to a gentleman for $5- per month and board. he stated that Mr. Merritt use to give him some money for working on tobacco Merritt himself stated that he use to encourage his boys. by giving them a certain sum for a hundred pounds of tobacco they would work up. After a careful investigation I decided that Mr Merritt shall keep the children, as it appeared that Martha, had abandoned them, I having been invested with authority by previous instructions from B.R.F. & A.L. to act as guardian for Orphan & Abandoned children and bind them to persons who had been remarkable for humanity to their slaves. I deemed it proper in this case the action I took. Knowing the children were abandoned by the Mother, 12. Months. not having a home of her own, seperated from her husband, And only earning six (6) Dollars per month, that she was not competent to take care of her children. feed. clothe. provide Medical Attention. educate And learn them a trade or business.

I ordered Mr Merritt to procure copies of the indentures, which he did. and I approved the same, and ordered the boy back.

I have the honor to invite your attention to the following facts which recently came to my notice at a visit to the school house in this Town, now being taught by Mr Austread D. Jones relative to the interior and exterior of the Building and its surrounding grounds, and would respectfully suggest the accomplishment of three things, which in my Opinion is absolutely necessary for the health and benefit of the pupils. First. that the school house be cleaned and purified. the interior & exterior by whitewashing. Secondly. that two windows be put in each of the rooms to admit more air, the building is divided in the center by a partition into two rooms, there are but two windows in each and one door, and is crowded almost to suffocation. there being 156 pupils, more have applied but can not be admitted, and Thirdly, that a pit on the back part of the ground be dug with a covering thereon, and divided with a partition for Boys and Girls.

I would respectfully request that the foregoing be taken into consideration and authority be given me

purchase Bushels of Lime, the Opening and putting in of four windows, and the erection of a Privy about x ft high. this being accomplished it will prevent sickness, more especially the Cholera, so much dreaded in this Town, and more so in that immediate neighborhood in which the school house is located, and for which the Civil Authorities are making salutary preparations.

Sir

The bearer has this day appeared before us, and says that after contracting with you, he left this town and went to your place, that you told him in the presence of Jim Bailey that your wife was young and knew not how to save or distribute to them their rations or food, that if they had not enough to send back, and ask for more, he states he has been nearly starved, his allowance not being sufficient to give him strength to perform such arduous and laborious work as is required of a field hand, that one day

Your refusal to comply to the above Contract or to pay the sum herein mentioned will necessitate me in instituting proceedings against You, Your heirs, and administrators in the United States Circuit Court Louisville, Ky,

The Laborer has to be bound to work for you until the expiration of the Contract made between you and him, and signed by both you and him and recorded. he must fill up his contract, he has shown a willingness to do so having worked 6 mos. if by tyrannical acts of yours he is obliged to leave, you will be held you, your heirs, and administrators, to the United States in the penal sum of Eighty-four (84) Dollars whether he work the year or not.

It is my duty to inform you that no acts of violence on the Freedman will be tolerated if such occurs, and persist in dismissing the Laborer, I will institute proceedings against you before the United States Circuit or County Court at Louisville, Ky, and arrest you by Military Force, and conduct your person to the Louisville Military Prison, there to be held until arraign before the United States Court under an indictment of Violation of the Acts of Congress called the Freedmens Bureau Bill and of the Civil Rights Bill.

Your person conducted to the Louisville Military Prison there to be held until arraign before that Court.

There is one thing got to be done, and must be done, the laborer is to work the whole year without any outrage done him, and receive his pay at the expiration of the term, or if you persist in dismissing him, he has got to be paid as if he had worked the whole year.

I have the honor to make the following statement in behalf of Micajah Foster (Col'd) resident of Bowling Green. Ky. "25"

On or about the 27th of February 1867 Bvt. Lt. Col. Louis V. Carpenter. 18th U.S. Cav. (then Recruiting Officer) rented a room from M. Foster (Col'd) to establish a Branch Recruiting Rendezvous for which he agreed to pay him three Dollars per week. the room was occupied as such by a Recruiting Squad from the 27th of February to the 4th of May 1867, inclusive, he says he received but $15 and that there is due him $13.50 being for four weeks and four days from Apr. 5 to May 4/67 inclusive.

I communicated the foregoing to 2nd Lieut W. O. Badger 18th U.S. Cav. Recruiting Officer at Louisville. Ky asking for the necessary Blank with which he could render his account and was informed by that Officer that he was not supplied with any Blanks that he could furnish as requested, and that the matter should have been and doubtless was settled by Capt Edward Byrne 18th U.S. Cav. whom he relieved at that station, and further stated that he relieved Capt. Byrne on the 1st of May and he withdrew the party from Bowling Green. Ky. about the 4th of May 67, says the claim will have to be presented to the Adjutants Generals Office for pay-

ment as he had no authority to pay in debt-
edness prior to his coming on the Station.
I would respectfully request that the
proper Blanks be furnished in order that the
claimant can render his account.

I have the honor to report that I

there is no other charge against Wells Grove,
but it is believed that he was one of the clan

the freedmen for the last several months
in Simpson and Logan Counties, Ky, and
in Robertson Co. Tenn; the robberies
being committed by them in disguise
and blackened faces.

I have the honor to state that
by reason of a difficulty which occurred
amongst the freedmen in Franklin, Simp-
son Co. Ky, relative to the school, I was unable
to reply earlier than this to your communi-
cation of April 5th 1867.
It appears from what I have been
able to learn that the ground owned by
the freedmen, as stated in my report of
Jan 10th 67, is held jointly by two denomi-
nations, Methodist and Baptist (Colored)
and the delay of raising the $200, arose
from some dispute between them, of what
cause I am unable to state, they have
since settled their difficulty and are
building a Church which they intend to

have finished as soon as possible, and when finished to have School therein held, when not occupied in Divine Service, as to their sustaining the school wholly or in part they are not able to state until the building is completed.

Colonel,

I have the honor to inform you of a Communication received by A. D. Jones Teacher of Freedmen School at this Place, from Rev. E. M. Cravath. Secty of the American Missionary Association, and Western Freedmen Aid Commission in which he states he had seen the plaintiff Hodes and that he, (Jones) is authorized to charge $1.00 per month for each pupil, which as he states is the only way to make the school support itself. Says they can not assure Salary but a month or so longer. For the expectation was that the school would be self-supporting.

Mr Jones applied recently for permission to have Vacation during the summer months, and asked if his Salary would be continued during that time.

He is answered in the same communication that there will be no difficulty in keeping up the school during the summer as it began late in the season, and that they do not pay Salary or otherwise during Vacation.

There are at present 178 Scholars in the School taught by Mr Jones. The Rev. Secty. further goes on to state that by adopting the above plan of charging a $1.00 for each pupil, the number will be reduced, so that the school will not crowded, thus making teaching easier.

I apprehend that in adopting the above system we will lose nearly a half of the Scholars, and a very few Dollars will be received from Parents, and should the Teachers Salary be discontinued, as it will be, we will, Sir, lose two good Teachers in the person of A. D. Jones and his Wife.

The Freedmen of this Town, some of them are disposed to be indolent and stubbornly inclined, in their Educational interest, they have been addressed by their Preacher by the Teacher and by myself on the subject of sustaining in part the school by contributing a small sum according to their means to help pay the Teachers Board. A few of them volunteered to do so, the amount which they proposed to pay would have been on an average of 20¢ from each Parent or Guardian monthly. The last then made summed up some $12.50, of that amount only $8

could be collected last month. The Teachers have been paying $8 for Board per week for both of them, their Salary per month was $40. C.D. Jones receiving $25. his Wife $15, they have had to pay their Board two months out of said Salary. These Teachers are very respectable colored people, used to cleanliness, and good comfortable living, nothing extra but something more than fat meat and raw bread.

I apprehend losing them, for as we have tried and exerted ourselves to collect the small trivial sum of 20 cents and cannot succeed, I doubt very much their paying a dollar. A few will pay, but not sufficient, as I have above stated, to provide for the Teachers in decency.

I am, Colonel

I have the honor to state that from information I have received, Robert Dunn is a colored man, his record is that of a Rebel. The Claim he has against the Government is for Blacksmith work. He stated he presented the claim in his own name, but in truth the claim is for the benefit of John T. Travis. He and Dunn worked in partnership, Travis served three years in the Rebel Services. They both applied some twelve months ago to Saml. Simpson, Esq. late Agent B. R. F. & A. L. at Franklin Simpson Co. Ky. to prosecute their claims but he refused doing so, they then employed Jas. Tyler a lawyer in this Town to prosecute the same.

William
Sir.

Robert Lockheart (Col'd) makes complaint at this Office that you have his son, Henry in your employ, that you have had his services all of the time since freed, without compensation and without consent of the Parents, and that when he, Robert, made an application for his son you refused to let him go. This "Bvt time" is restraining the Boy of his freedom, the penalty for which is $1000 fine and one years imprisonment. Your attention is invited to this matter for unless the Boy is released and paid for his services or a reasonable excuse offered, action will be commenced under the Civil Rights Bill in the Federal Court at once.

I have the honor to request permission to rent the building occupied as a Freedmen School-House at Peales Creek, Warren Co. Ky. at a monthly rental of $20. The building is 18 x 20 feet, one door, one window, and a good fire place. The rental for the use of the building is considered high but the teacher gets only $25 per month, and the poverty of the Freedmen is such that they only paid $4. last month.
The number of Pupils Enrolled is Twenty-three

I would respectfully state that prior to having the authorized repairs made on the School building under charge of A. D. Jones. I inspected the building and find that it needs a

new shingle roof, the present one "built of shakes" is but little protection against rain, and to make the building anything like comfortable during the winter months it should be ceiled or plastered. To fit this building in such manner that it will be comfortable will require an estimated expenditure of some $600. The lowest bid to do the work already authorized is $125.10. I would recommend that all these repairs be made at once, or if not authorized that only the roof be built & the whitewashing be done, as the other work will be virtually thrown away unless the building has a good roof.

General

I would respectfully invite your attention to the following Statement and enclosed papers, and ask for instructions as to whether I shall retain counsel and submit the case to the uncertainty of the Civil Court, or whether I shall forward a list of the Witnesses and Fitzpatrick to be tried by Military Commission, or the United States Court.

On or about March 15th 1859, one Will. Oliver, a free man of Color, died, leaving an estate worth at a fair valuation $1500 in gold. His Children being slaves the Escheat Officer of Allen County at once took possession of the estate and still holds it for his personal use and benefit. Last Year an Enactment was passed by the State Legislature requiring the Escheat Officer, John Fitzpatrick, to make a settlement with the County Court of Allen Co, and pay the property over to the Heirs. He has made a settlement (see Exhibit "B") but has failed to pay the money over as directed.

The Heirs having applied to this Office for assistance, I wrote the Escheat Officer a letter, which is herewith Enclosed

(marked Exhibit "C"). The only response was the note and memorandum marked "D". I then wrote him the Enclosed letter marked "E" which has not been answered. A letter has been procured by me which will throw some light upon the matter. It is herewith forwarded, marked Exhibit "F." The note marked "D" I have not received in payment, though it is believed to be good. I did not receipt for it, but held it as collateral security. Fitzpatrick is not good financially, but his bondsmen as Escheator are amply so. The name of one is John Dance, the others I have not been able to find out as yet.

Exhibit "D" is a note for $123,24 by Ewing and Walker Payable on 1st day of March 1868, Payable to Fitzpatrick and Endorsed by him.

The Ex-Escheator, John H. Fitzpatrick, is a keen, slippery, disloyal man, and as the case is one involving a large amount and much injustice has been caused by the already long delay,

I would request that a suit be instituted by your authority, and that some one more conversant with Kentucky State Laws be authorized to take the case in charge, as I might prejudice the suit by my ignorance of such matters.

I have the honor to report that the number of scholars registered at Franklin, Ky. is Sixty-two (62) and that more will attend as soon as the school is open probably Eighty (80). I would respectfully request that a good reliable Teacher, who has the good of these people at heart be sent there, and fully believe that the best school in this Sub. District can be started. The Church building is still unfinished, and if you advise it I will recommend that the Bureau pay them a rental of $20 per month, this will assist them to finish their building and get the matter in motion. The schools here are still very unsatisfactory to me. I think some Teachers who will take more interest, if you have them, will be the only remedy. If you have a good White Teacher that can come here, she can build up a large school, these now here are doing no good, and are having a demorilizing influence.

The young man, who has the this, written you, relative to keeping the school at Franklin. I do not think will do, He cares nothing for the educational interests

further than his pay. This class of Teachers have ruined the schools here, and I would like to see the schools started differently at Frankfort.

In compliance with instructions from Asst Comrs Office Louisville Ky dated Nov 19th 1867 I have the honor

to state that my request that Mr Johnson be relieved was for the following reasons. viz
1st Inattention to his Duties
2nd Absence without leave
3rd Using the Office as a house of Assignation
4th Keeping Company with low sporting men. and the reason of my suspending him at the time I requested his removal was his allowing himself to be made a tool of. By this party in passing a $20 Counterfeit bill after the other party had offered it several times. (See note of John Arl enclosed) the bill was rejected but the principle exhibited made me feel that he was not a safe man.

I have no personal feelings against him whatever but am not willing to have anyone use the reputation of this office for such purposes as Mr Johnson has been doing.

I enclose some bills that have been sent into this office since he left. which will show how the young man done business.

In Compliance with endorsement from your Office of Nov 9th 1867. I would respectfully report that after investigation of the trouble with regard to the School Teacher at Franklin I was unable to get evidence sufficient to make a case as no one can identify the guilty parties. I advised the teacher if troubled hereafter to have the parties bound over to keep the peace and to report the case. Ned Timms case is an aggravated case of Assault. and the magistrate promised me that he would try the case at once and make his decision without fear or favor. I advised Ned to submit his case as before he can take this class of cases under the Civil Rights Bill. He has to swear that he could not get justice in the Civil Courts. the result of the trial is to be reported to me.

I reply to yours of 16th inst in relation to the loyalty of the two Halls, Amos & John Y. I have to say that they were in 1862 wholly disloyal. They have never been looked on in any other light, if there is a loyal man in the County that would swear to their loyalty, I do not know it, in fact, they are not considered any too honest. Said to be in social relation with the Guerillas. They have an uncle by the name of Amos Hall, living about nine (9) miles southwest of Franklin, near the Logan County Line, who is a loyal man.

Your especial attention is invited to Par IV Circular No 3 Asst Commissioners Office dated Louisville Ky, June 26th/866.

You will make every exertion (compatable with your duties as Supt) to have all the Freedmen Contracts through your Office for the year 1867.

It is believed that quite a number of Children in your District are within the meaning of Par V of same Circular or will be unprovided for during the winter. You will take every measure possible to have said paragraph executed.

Attention is also invited to your reports showing few or no marriages of Freedmen in your District, and as "the indiscriminate taking up with each other must cease" you will at once take measure to enforce Par VI of the above named Circulars.

Hereafter when difficulties between Freedmen have been adjudicated by you, the same will be noted in your monthly reports in the Columns of "Remarks".

Captain,

One Joseph W. Whitesides living about four miles from this place had an orphan colored girl living with him by the name of Angeline Merritt. He reported her to me. I prevailed on him to have her indentured to him. He consented to take her at that time. I had no Blanks, I told him to keep her and when I got the Blanks I would inform him. He came to town a few days ago and told me the girl was taken away. I afterwards learned, he informed to Bowling Green and is with an old Colored woman by the name of Polly Merritt or Harden. The girl is about 13 years of age. Mr Whitesides and his lady are Kind to her. She could not get to a better place. I refer the case to you and if you think proper to bind the girl back I will indenture her to Whitesides.

Your letter of Jan 21st 1867 to Richard Humphries in regard to Claims of Colvard and Van Vickle has been handed to me, and Richard desires me to say to you & the boys that he wishes to do what will be just right in the matter, but he just wants to know that the boys get whatever he sends them. In order to be certain of this he wishes you to

get a Power of Attorney from each of the Wys and have it acknowledged before the County Clerk, or the Clerk of a Court having a seal authorizing you to receive the money, also an Affidavit, sworn to before said Clerk, by some responsible person stating that he knows these Wys, and knows them to be the identical heirs and representatives of, and knows them to be the only heirs of Isaac Hale, decd, who was the brother of Richard Murphy, and send those papers here to me and he will send the money coming to them. He thinks he is morally bound to pay them something, although not legally so bound, as if he had kept a strict account of money expended for keeping his mother as their father, Isaac, requested, the principle would be so much that would have been taken up long ago. Yours of the 12 inst is rec'd. Enclosing Power of Atty, oath of identification, etc. We think the papers sufficient. I herewith enclose Draft for Charles and Eliz A White, amt $406. This is just double the amt rec'd by Richard Murphy from the estate and as I intimated much more than he would be legally bound to pay, but Richard says he desires to do even more than strict justice to the boys. You will notice that it will be necessary for the boys to put their names upon the draft. Please acknowledge draft, stating amt. etc. & Hoping to hear from you ever, I remain

Respectfully Yours etc

I read yours of 31st inst on yesterday stating that Caroline Baker a colored woman had made complaint to you that she had made application to me for her child, Peter, seven years old, and that I refused to let him go with her.

It is true that she made application to me for him a few weeks ago. I told her she could have him. She stated that she believed that he did not care much for her, that he did not want to go, which he did not. She then stated to me if she took him and he was dissatisfied would I take him back. I then told her that may be she might as well let him stay

until the 1st of Sept. if she was willing, and my told her she would find him a suit of clothes at that time could go her in some better style. She said if every thing would suit she would rather take him then. Not agreed to the proposed plan. I told her if that if he get sick in the time I would take good care of him as I always had done. If sick I would let her know it so she could come & see him whenever she wished to. She left as I thought satisfied. You say that she she stated he is eleven yrs old, he is 13 yrs old next September. I think some person has persuaded her to this mode of conduct. Tell her she can get her whenever she want to. I have had him ever since he was about 4 yrs old she is very much attached to the family. Yet she can as I before stated she can get him at any time she makes application for him. If the above will not suffice or answer inform me what will.

Some several days ago there was two Robberies committed in Logan Co. Ky. near Middletown. I had the information through citizens. The names of the perpetrators of the deed were Alonzo Payne Gaddess, & Albert Heighlett and H.D. Kemp. I took some citizens and arrested the two Heighletts and Payne. Kemp having left the County. I turned them over to the Civil Authorities for Trial. The Enquiring Court sent them to Jail to await their trial in the Logan Circuit Court. They are young men from 19 to 22 yrs of age. The above Robberies were committed on freedmen. Hoping my action in the matter may meet your approbation,

I have the honor hoping you will not think me presumptuous to ask if you think in your judgement we could get as many as Ten(10) mounted men (Calvary) to aid Major Lawrence & my self. Lawrence is powerless without aid. The Infantry here is not prepared to take Scouts or give the assistance often needed. If Lawrence had help to take Baker his class it would strike terror to evil doers. The arrest I have made lately has had a happy effect. I am of the opinion if ten men were put under Lieut Blaize for a short time it would result in good. The above suggestions is respectfully submitted to your consideration.

The boy referred to in your letter of Aug 12th is at my house. Differ from what you write to me that the father of Henry has misrepresented the facts to you. I had the boy bound to me long since by the County Court Judge, when I did not know he had a father living. I have never seen his father and do not know him. The boy Henry is a good boy, well disposed, and I think well satisfied with his present home. My neighbors can speak as to his treatment by me. If it is necessary for me to see you I will come and do so when I go to Bowling Green. The records will then show what I have stated to be so. Hoping this will be satisfactory,

Lt. I have the honor to acknowledge receipt of your communication of 10th inst relative to the school at Franklin.

I have made application to the American Missionary Association for an Energetic teacher, and think one can be secured when the building is ready. I think it would be well for You to make application to rent the building, giving number of rooms, name of person to whom the rent is to be paid, and the date of the opening of the school. I would also suggest that you apply for the money already appropriated for the construction of the building, so that it may be furnished without delay. The rent will have to go for the support of the teacher. In regard to the school at Bowling Green, I think perhaps if You should visit it as often as practicable and make the teachers feel they are under your personal supervision it may infuse new Energy. If not, recommend their removal, and I will forward it to the Secretary, and we will try and obtain better Material
